The Business Directory is designed to help you find the companies, products, services and information you need within the Yarriambiack Shire.

The information provided is updated on a regular basis and can be accessed via the Yarriambiack Shire Council website at [www.yarriambiack.vic.gov.au](http://www.yarriambiack.vic.gov.au). ## Exciting affordable lifestyle

The Yarriambiack Shire is a refreshing and exciting location for your business.

The relaxing rural lifestyle and communities that offer activities for every age group, supports the balance of business and pleasure.

## Our region

The Shire stretches from the Wimmera River just north of the Grampians in the south, to the centre of the Mallee in the north.

The Yarriambiack Creek is the main natural feature traversing the Shire. The area is also linked by road and rail systems that run in a north-south direction.

The area has an almost ideal climate with a short winter and delightful autumn and spring. Summer temperatures can be hot, particularly in the north.

## Celebrate the relaxing rural life

Yarriambiack Shire Council offers a relaxed atmosphere, affordable housing options, a safe and healthy family environment, excellent Preschool, Primary and Secondary Education, no peak hour traffic and easy access to public land, lakes and recreational activities.

**Buy Local - Support Local People - Secure Regional  
Jobs**

## EMERGENCY MANAGEMENT

Yarriambiack Shire Council along with all the emergency service agencies including Victoria Police, CFA and VicSES are responsible for developing and implementing strategies to assist communities both during and after natural and man made emergency events.

The Emergency Management Act 1986 and the Local Government Act 1989 outline the important role Council's play in Victoria's emergency management arrangements in particular Council's connection to the community.

Council's website provides direction on the role Council plays in emergency management and the strategies that can be used during and after an emergency event.

Key links and information are also provided to assist the community in preparing for and dealing with an emergency. Specific information related to an actual emergency will be added to the "During Emergency" and "After Emergency" sections when an incident occurs.

To find more information visit [www.yarriambiack.vic.gov.au](http://www.yarriambiack.vic.gov.au).

## COMMUNITY EVENTS

The Yarriambiack Shire Council is well known for festivals, field days and many small boutique events. All events must be registered with Yarriambiack Shire Council and can be done by completing an Event Application/Notification Form. Once it is completed and submitted to the Yarriambiack Shire Council the Event Application/Notification form will register your interest in staging an event and help determine which services and permits may be required. Submitting the Event Application/Notification form does not constitute approval to proceed with your event. You will be advised as to what permits you require for your event and whether or not you need to complete and submit additional paperwork.

The Community and Economic Development Officer will assist with an assessment of your event. Event organisers will then be advised of any further process or requirements that may be needed given the specific circumstances and environment applicable to the individual event.

Event Application/Notification Forms are available by contacting the Community and Economic Development Officer Marianne Ferguson on 5398 0121 or visiting Council's Website - [www.yarriambiack.vic.gov.au](http://www.yarriambiack.vic.gov.au).

## BUSINESS & ECONOMIC DEVELOPMENT

Yarriambiack Shire Council supports business and economic development activity by generating, attracting and maintaining business activity and employment in our region including:

- Infrastructure development
- Provision of community services
- Project development approval processes
- Point of reference for business and community issues

In undertaking these activities which are part of Council's fundamental obligations, Council is influencing the way in which the local economy develops and through a strong commitment to best practice and efficiency, plays a leadership role that sets an example to other parties in the community.

Part of that leadership role is to develop and promote a vision for economic development within Yarriambiack Shire and across the Wimmera Mallee Region.

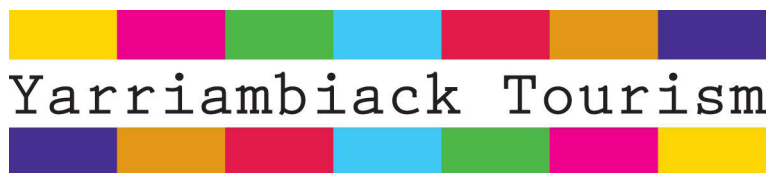

That vision has been enunciated as:

"Yarriambiack Shire Council will build upon its recognised strengths in agricultural production and associated industries to expand existing businesses and attract new investment. It will also witness a revitalisation of the retail and service sector, plus new residential developments, due to the emergence of new industries associated with major mining projects, the construction of the Wimmera Mallee Pipeline and the Silo Art Trail. The Shire will also be recognised as an integral part of the tourism product mix offered by the Wimmera Mallee Region which is strongly marketed under the "Outback Victoria" banner.

## YARRIAMBIACK TOURISM
