INSTRUCTIONS FOR RECYCLING GRAIN BAGS

As soon as possible after bags are unloaded:

1. Empty the grain bags of all grain and as much dirt as possible
2. Cut the grain bags into 10m sections
3. Fold the sections into 1m width, then roll and secure them.
eg: baling twine
4. Take the grain bags to your nearest collection point
5. Cost at collection point is \$10 per bag (to cover transportation)
