ALL PRICES ARE GST INCLUSIVE

ITEMS NOT ACCEPTED

HAZARDOUS MATERIALS
PRESCRIBED WASTE
GRAIN
SOLAR PANELS

A RESIDENT AND RATEPAYERS GUIDE FOR USE OF COUNCIL TRANSFER STATIONS

All operating transfer stations in the Yarriambiack Shire are manned and charges imposed for the depositing of rubbish. These sites are included on the back. The opening hours are restricted and the weekly times for the various locations throughout the Shire are as shown.

Users will be required to segregate rubbish types to be deposited in designated areas at each site. The following items must be kept separate:

- Green Waste.
 - General Household Waste.
 - Hard Rubbish.
 - Tyres.
 - Chemical Drums (triple rinsed only).
 - Recyclable (no charge will be made for the following recyclable materials:- glass, steel, plastic containers, paper products and aluminium cans).
- NOTE:** RECYCLABLES NEED TO BE SORTED PRIOR TO DROP OFF AT TRANSFER STATIONS.

NO PLASTIC BAGS OR PLASTIC WRAP.

WHY SHOULD WE RECYCLE?

Recycling generates less waste and reduces the amount of rubbish going to landfill if we make 'waste wise' choices. This is then better for our environment. With your kerbside recycling bin being waste wise, all your recyclables go in to one bin with no sorting or bundling.

Users are encouraged to separate any recyclable material from their putrescible waste, to reduce the amount of waste going into the landfill.

All users must report to the site attendant, pay the appropriate charge and deposit their rubbish as directed by that attendant.
